## INDUSTRY LEADER

We successfully work in the construction industry in 15 subjects of Central and Northwestern Federal Districts.

## OUR MISSION IS TO BUILD TRUST

Trust is not just a word for us. This is the basis of our work. Each facility we build reflects our commitment to high standards of quality and reliability.

## MANY YEARS OF CONSTRUCTION EXPERIENCE

More than 1 000 000 m<sup>2</sup> built areas: restaurants, offices, factories, dry and multi-temperature warehouses, shopping mall

## WE CREATE MORE THAN JUST BUILDINGS

We create reliable and functional facilities.

Our projects are strictly controlled at all stages, which allows us to maintain high standards and justify the trust of our Customers.

## **RBE Global Services**

— it is a dynamic and purposeful company that prides itself on its principles and a team of professionals.

Our principles shape our understanding of what it means to be on the RBE team. They help us achieve our goals and make decisions.

They determine our attitude towards ourselves and our daily work. Thanks to them, we can collaborate effectively and maintain high standards in every task.

### PARTNERSHIP

We are convinced that only through honesty and decency can we build a strong and trusting partnership.

It is impossible without it to implement any complex project.

Our relationship with everyone is transparent and open.

### RESPONSIBILITY

We assume obligations and fulfill them on time in full, which allows our Partners to plan their activities with confidence.

Each of our employees each of our employees firmly fulfills their promises to the Customer and Partners.

The result of the team and the company as a whole depends on it.

### BRAVE

Our company is the epitome of courage and determination. We pride ourselves on our ability to turn ambitious projects into reality. Our accumulated experience and innovative technologies enable us to handle the most complex projects. Each of our projects proves our ability to solve the most difficult tasks.

*From the very beginning of our journey, we have set ourselves the goal of being not just a company providing services, but also a reliable Partner whom we can rely on in any situation.*

## AN INTEGRATED APPROACH TO CONSTRUCTION

We design and build commercial and industrial facilities:  
from concept development to commissioning. On time, with a firm guarantee.

- We build on any site: irregular shape, with weak soils, difficult terrain and encumbrances.
- We build standard, individual and unique objects.
- We work throughout the European part of Russia.
- We carry out full-cycle turnkey construction projects.
- We work under EPC contracts.

### REGISTRATION OF THE IPD

- Selection of a land plot; Execution of engineering surveys;д
- Obtaining technical specifications for connection to engineering networks and connection to the road network;
- Registration and approval of initial permit documentation (IPD)

### DESIGN AND EXPERTISE

- Customized design with low material consumption;
- Obtaining a positive conclusion from the state expert examination;
- Obtaining a building permit;
- The development of detailed estimates is already at the tender stage.

### GENERAL CONTRACTOR

- Construction and installation works of any complexity, regardless of the season and time of the year;
- Complete set and installation of technological equipment;
- Fit-out – design, engineering equipment and interior decoration;
- Continuous quality control. Strict observance of occupational health and safety;
- Professional construction management – more than 30 engineering and technical staff;
- Design, engineering, geodetic divisions; Solid «turnkey» price

## ADVANTAGES OF PARTNERSHIP WITH RBE GLOBAL SERVICES

### FINANCIAL STABILITY

- A multidisciplinary company with an impeccable history
- Cooperation with major banks and insurance companies
- Flexible approach to project financing

Minimal risks

### LEGAL PURITY

- A company with transparent reporting, has been operating since 2010
- Detailed dossiers on subcontractors and suppliers
- All necessary licenses and permits

VAT Refund Guarantee

### MODERN TECHNOLOGIES

- BIM design
- Confirmation of energy efficiency of buildings of class A+
- BREEAM, LEED, FM Global Certification

Quality assurance and modern solutions

# RBE

*«Over the long history, we have experienced both ups and downs. We managed to keep the main thing – our people and our name. We have been building, we are building, and we will continue to build!»*
